

Location Information

School buildings with dedicated study rooms

H Garcia

Include other public areas such as local library.

H Garcia

Geo location based on location of users device. Locking them to nearest school and unable to view other schools unless close by.

H Garcia

Include information of study room selected, such as amount of tables, chairs and local accommodation

H Garcia

Engagement and Social

Create a reward system for having a streak of study sessions

H Garcia

Create a simple social system where people can add each other as friends. Creating a competitive environment

H Garcia

Let users create simple profiles similar to that of bitmojis allowing people to express and add clothes as reward

H Garcia

Connecting With School

Add tie in with school system so it auto pulls in classes and students once student signs into app with school account

H Garcia

Have schools encourage downloading of app by mentioning it on site and during orientations

H Garcia

Allow teachers to be able to access the group as a pseudo admin for the class. Allowing teacher to also schedule study events

H Garcia

Design

Make the UI simple and fast to use, allowing quick scheduling and viewing information

H Garcia

Include an interactive map for the school area and any included areas

H Garcia

Have both App and Web based solutions

H Garcia
